

NexTec Group Achieves Sage Software Million Dollar Club Status for 2007

NexTec Group Achieves Club Status for First Year

Los Angeles, CA – October 26, 2007 – NexTec Group, a Sage Software business partner specializing in the sales, installation and support of Sage MAS 500, has been named to Sage Software's Million Dollar Club for the past fiscal year (October 1, 2006 to September 30, 2007). NexTec Group received this honor for achieving outstanding sales for Sage Software's MAS 500 product line.

Million Dollar Club honors are given to top ranking business partners who have exceeded one, two, or three million dollars in business across Sage Software's product lines and solutions groups—including Business Management Division (BMD) Solutions (Strategic and Value Accounting, Sage FAS, and Sage CRM Solutions), and Industry & Specialized Solutions (Construction and Real Estate, HRMS, Payroll, and Non-Profit Solutions).

"Through the ebb and flow of the business management software reseller channel, Sage Software business partners continue to excel due to a keen focus on the customer," said Nina Smith, Sage Software president, Business Management Division. "Our Million Dollar Club achievers for 2007 represent a group of highly successful businesspeople who have embraced a continually changing marketplace by delivering the combined products, services, and support their clients need to succeed. We congratulate NexTec Group for achieving Million Dollar Club status with their outstanding sales performance this year, and wish them continued success in 2008."

"We are very excited to make Sage Software's Million Dollar Club for the first time; it is the culmination of a multiyear partnership between Sage Software and NexTec. It is great working with Sage and their outreach and assistance makes all the difference in the world. The real win has been for our clients, who have one of the best software systems available to the mid market," said Russ Harper, Co-Founder & Vice President of Technology.

Million Dollar Club winners will be recognized May 12-15, 2008 at the annual Sage Software Insights business partner conference that will take place at the Gaylord Resort and Convention Center in Washington, D.C.
