

NexTec Group Joins Accounting Technology Magazine's "2008 Pacesetters: The Select 100"

NexTec Group Achieves 2008 Recognition for Dedicated Leadership, Attention to Detail and Industry Leading Consulting Practices and Services

Seattle, WA – December 15, 2008 – As a leading provider of innovative accounting and operations software solutions as well as consulting services, NexTec Group was ranked in "2008 Pacesetters: The Select 100" by Accounting Technology magazine for the fifth consecutive year. "The editors of Accounting Technology are pleased to announce that NexTec Group has been chosen as a Technology Pacesetter for 2008. The magazine, published 11 times annually by SourceMedia Inc., each year gives this award to 100 organizations that market financial midmarket applications. "Pacesetters are selected for a wide range of criteria, such as substantial growth, their leaderships' influence and involvement in the accounting software community, and recognition from the companies whose software they market," said Robert Scott, editor of Accounting Technology. "All of these factors help us recognize quality businesses, regardless of size." Most companies in the accounting software channel market a wide range of technology software and services. However, financial software remains the focus of their operations.

"It is both an honor and a privilege to be again recognized as a Pacesetter by Accounting Technology magazine," said Eric Frank, President, NexTec Group. "Our exemplary NexTec team has succeeded in living up to our mission of intensely focusing on helping our clients to maximize their system investments. We would like to thank all of our great clients, accommodating partners and loyal colleagues for making NexTec what it is today: a great success," adds Eric Frank.

About NexTec Group

NexTec Group specializes in providing small, mid-market and mid-enterprise companies with Financial, ERP (Enterprise Resource Planning) and CRM (Customer Relationship Management) solutions suited to their specific industries and business needs. We leverage award winning systems like Microsoft Dynamics GP (formerly Great Plains), Microsoft Dynamics SL (formerly Solomon) and Sage MAS 500 ERP. Our suite of solutions also includes integrated CRM with Microsoft Dynamics CRM and Sage SalesLogix CRM, development and deployment of robust analytical and reporting tools, including: Microsoft SQL Reporting Services, Microsoft FRx and Microsoft Forecaster, Crystal Reports, OLAP for Microsoft Office Excel and Microsoft Performance Point Server (formerly Proclarity Analytics Server) to deliver comprehensive solutions for your business.
